

Cedar Lakes Conservation Foundation  
Somewhere in Time XI  
Saturday, June 18, 2016

The spring-fed waters of Big Cedar Lake, Little Cedar Lake and Silver Lake flow south through Cedar Creek to join the Milwaukee River, winding its way eventually to Lake Michigan, our Great Lakes neighbor. For centuries now, people have traveled from lake to lake, enjoying the bounty of resources along the way and settling in the scenic places on each shoreline.

This year, CLCF celebrates our **Lake to Lake Connection** in the setting of the Mutschler's beautiful home, built in the Norman style. Known as the Samuel Field House, it was designed by Chicago architect August Fielder in 1890. The house was originally situated three miles from its current Lake Drive location at 303 Martin Street, now East State Street, and was moved in the mid-1920s.

**Join us for a summer evening on the lawn by Lake Michigan, and thank you for protecting the Cedar Lakes watershed that supplies it with clear, quality water in all seasons!**

You are invited to join the  
Cedar Lakes Conservation Foundation community

## Somewhere in Time

at

**The Home of Linda and Jock Mutschler**

3432 Lake Drive, Milwaukee, Wisconsin

**Saturday, June 18, 2016**
